## Hotel Interface System

The solution for integrating your parking system to your front desk software and key encoding system is the AMC Hotel Interface System. This system allows the guest to use the same key for room & parking.

### Current Options

Fully integrated system, stand-alone system, and event keycard system.

### Certified Interfaces

We have certified interfaces with , ,  and .

In addition we support , , , and , as well as,  key card systems, Magstripe and MIFARE RFID room keys.

We are knowledgeable and experienced in multiple Integrations.

- API Interfaces
- Web Services
- RESTFul
- Serial
- TCP / IP
- Direct Database
- Flat File / CSV
- XML
- JSON
